b. Support to the Office of Communications: Twenty-five (25) [REDACTED] doors were again rejected by [REDACTED] personnel due to improper preservation and packaging by the vendor. The 25 doors were received on 16 July 1984 and a 10% inspection conducted. All were found to be improperly packed. Procurement Division was notified and arrangements made for joint inspection [REDACTED] and vendor personnel. As a result of this joint inspection, the vendor agreed that the doors were indeed improperly packed and arrangements were made for the return shipment to the vendors facility. [REDACTED]
